BURN BAN

November 6, 2024

The Manor Township Board of Supervisors have been requested by the DCNR District Fire Warden and the Manor Township Volunteer Fire Company to implement a complete burn ban due to the extremely dry conditions resulting from the lack of rainfall. Burn bans are a tool used to protect life, property, and natural resources from wildfire. Ninety-eight percent of the wildfires in Pennsylvania are a direct result of people's actions, and place emergency responders directly in harm's way. They also tie up emergency responders and apparatus that serve the community in the event of traffic accidents, house fires, and other emergencies.

The Manor Township Board of Supervisors in accordance with Ordinance 08-1 have issued a complete open burning ban at its November 6, 2024 Public Meeting to be effective immediately and last for 30 days.

Open burning is defined as the ignition and subsequent burning of any combustible material (garbage, leaves, grass, twigs, litter, paper, vegetative matter involved with land clearing, or any sort of debris) out-of-doors, either in a burn barrel or on the ground.

The use of propane or gas stoves, charcoal briquette grills, or the use of tobacco in any form is not covered under the township burn ban. Campfires are allowed in the fire rings that confine and contain the campfire and embers.

This Open Burning Ban was enacted on November 6, 2024 by the Manor Township Board of Supervisors.
